Dear Parent/carer

Re: SAM Learning

I am delighted to be writing to you about a new learning tool being used at Martin High School.

Your child will have had an assembly about how to access Sam learning (guidance is also on the back of this letter).

Sam Learning is an on-line interactive teaching resource. It caters for all age groups and key stages, covering all areas of our curriculum. Learners can use it to study independently or be guided by their teachers to complete specific pieces of homework.

Pupils use of this resource is monitored by MHS and stars will be awarded for pupils that are taking charge of their own learning.

This is a terrific learning resource, but heavily relies on support from home to have its fullest impact. Please encourage your children to access Sam learning; look at it as an opportunity to support your child in their educational success. With support from school and home, working as a team, every learner should reach their full potential.

Should you have any queries, please contact your child's tutor.

Yours sincerely

Laura Sanchez
Head Teacher
